

DYMAX WORK TOOLS

SINGLE MOTOR TAMPER FOR BACKHOE LOADERS AND EXCAVATORS

OVERVIEW

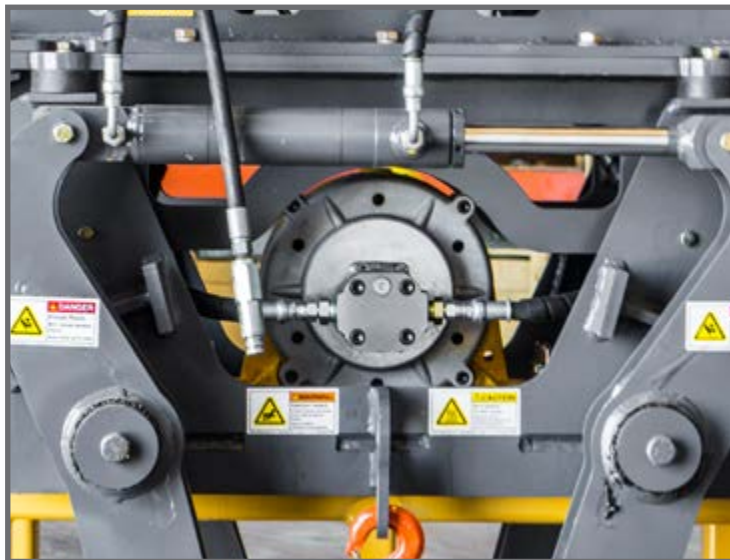

Dymax Rail's Single Motor Ballast Tamper features improved performance and the ability to tamp ballast over the rail. Operators can simply make 2 tamps per tie and work around switch locations more efficiently.

Dymax Rail's Single Motor Ballast Tamper is available with integrated 360° rotation or can be equipped to work with tilt-rotator coupler systems.

FEATURES AND SPECIFICATIONS

- 360° rotation system with electro-hydraulic diverter valve.
- Provided with stand assembly for transport.
- Features 26lb flywheel system with 3,000 psi motor rating.
- Built in flow control with check valve and slow start relief package.
- (4) carbide protected penetrating design tines with adjustable height setting.
