

RAIL HANDLER LG SERIES

RAIL HANDLER LG SERIES - HANDLE RAIL SAFELY

The **Dymax Rail Handler LG** series safely grabs rail from piles without the need for workers to attach lifting straps or chains. Handle up to 90 feet of rail safely. The Dymax Rail Handler LG quickly attaches to hydraulic excavators and delivers rail to flash butt welders nearly ten times faster compared to using manual rigging methods such as cranes. Operators can also attach to many popular material handling machines for unloading railcars or placing jointed rail to and from the rail line. A Dymax Rail Handler LG significantly improves efficiency and safety.

**HANDLE UP TO 90 FEET OF RAIL
LOAD RAIL FAST AND SAFE**

**POSITIVE LOCK
RAIL GRABS**

SAFER. QUICKER. SMARTER

Model ID	MODEL Code	Description	Weight LBS
102899	DX-RH-LG60-16ftx27ft-HX-20T	Rail Handler – Large Grapple 60 deg rotate – 16 feet retracted x 27 feet extended – Hydraulic Excavator – 20 Ton	5200
102903	DX-RH-LGTRQ-16ftx27ft-HX-20T	Rail Handler – Large Grapple Tiltrotator Hookup – 16 feet retracted x 27 feet extended – Hydraulic Excavator – 20 Ton	4000
