

TREE AND BRUSH CUTTING ATTACHMENTS

180° LIMB SHEAR
RAIL RIDER MPX810

TREE AND BRUSH CUTTING ATTACHMENTS

DymaxRail Tree and Brushcutting Attachments have been used all over the world and are available to fit skid steer loaders, multi-terrain track loaders, hydraulic excavators and backhoe loaders. Ideal for track maintenance and maintaining vegetation growth around rail lines and controlling rights of way.

LIMB SHEARS**TREE SHEARS****BRUSHCUTTERS**

180° Rotational Limb Shears feature integrated rotators or can be ordered to fit popular tilt rotator coupler systems. Capacities available are 10 inch and 14 inch.

HPX Forestry Tree Shears are the premier tree shear available for use on excavator machines.

Ranch Axe Tree Shears for skid loaders are available in 14, 16 or 20 inch cutting capacity. Ideal for larger skid loaders or front end loader backhoes. Optional chemical spray system is available.

Timberwolf Forestry Shears for skid loaders are available in 14 or 16 inch cutting capacity. Ideal for larger skid loaders working in felling operators or needing to crawl off track to clear larger trees and place them into collective piles.

VortexMax Rotary Brushcutters feature a 60 inch-tri-blade model for excavator machines. Ideal for cutting and shredding materials up to 8 inches in diameter.

WORK FROM THE RAILS

DymaxRail Tree and Brush Removal Attachments help maintain vegetation alongside railway tracks. Our tree and brush clearing products are designed to work with hydraulic excavators and backhoe loaders. A Dymax Tree Shear is ideal for cutting large diameter trees while the Vortexmax and Ventura Mulcher cut and mulch vegetation. Contact DymaxRail sales for more information on our tree and brush removal attachments.

Model ID	Model Code	Description	Weight LBS
HYDRAULIC LIMB TREE SHEARS - For backhoe loaders and excavators. Provided with electro-hydraulic diverter valve kit to power the rotator. Machine requires standard two-way auxiliary circuit.			
102854	DX-TS-RLS-10in-HX-8T	Tree Shear – Limb Shear with 180 degrees rotation – 10 inch cutting capacity	1600
101923	DX-TS-RLS-14in-HX-20T	Tree Shear – Limb Shear with 180 degrees rotation – 14 inch cutting capacity	2800
102856	DX-TS-RLS-20in-HX-36T	Tree Shear – Limb Shear with 180 degrees rotation – 20 inch cutting capacity	5800
HPX TREE SHEARS - For backhoe loaders and excavators. Contact DymaxRail for models with integrated rotation systems. Machine requires standard two-way auxiliary circuit.			
102841	DX-TS-FG-HPX8-HX-5T	Tree Shear – Grapple – HPX Series 8 inch capacity – Hydraulic Excavator – 5 Ton	700
102842	DX-TS-FG-HPX10-HX-8T	Tree Shear – Grapple – HPX Series 10 inch capacity – Hydraulic Excavator – 8 Ton	1300
102843	DX-TS-FG-HPX14-HX-12T	Tree Shear – Grapple – HPX Series 14 inch capacity – Hydraulic Excavator – 12 Ton	2700
102847	DX-TS-FG-HPX16-HX-16T	Tree Shear – Grapple – HPX Series 16 inch capacity – Hydraulic Excavator – 16 Ton	2900
102700	DX-TS-FG-HPX18-HX-20T	Tree Shear – Grapple – HPX Series 18 inch capacity – Hydraulic Excavator – 20 Ton	4700
102701	DX-TS-FG-HPX21-HX-25T	Tree Shear – Grapple – HPX Series 21 inch capacity – Hydraulic Excavator – 25 Ton	6000
VORTEXMAX -For Excavators Machine requires standard one-way auxiliary circuit. 33-41 gpm			
102147	DX-VT-MAX-60in-HX-20T	Vortex – Max – 60 inches wide – Hydraulic Excavator – 20 Ton	2850
If you are interested in a mulching type head please contact DymaxRail sales to determine the best model for your machine. Design and Specifications are subject to change without notice.
