

# THE SKY IS THE LIMIT

## Dymax RailTrax Roadrail Trailer

A specialized railway vehicle built on a road-ready modular trailer platform. The Dymax RailTrax provides railroads, transits and contractors with an innovative approach to meeting the challenges of railway infrastructure construction and maintenance. The Dymax RailTrax enhances worksite mobility and efficiency quickly loading to and from the rails in minutes by driving under its own hydrostatic power.

### Multiple Mobility Options

Hydrostatic-powered tracks capable of steering up to 60 degrees. In combination with the rear oscillation rail bogie, operators can approach smaller rail crossings and easily load both 48 ft or 53ft RailTrax Trailers in less than 2 minutes.

Standard hydrostatic single drive axle featuring a rear oscillation bogie to provide ease of access to and from the rails. Upgrades available including twin or tri-axle drive systems.

Specialized air suspension with additional lift to provide added clearance on rail. S48 and S53 available with super singles, aluminum rims or can be equipped with traditional duals.

# CUSTOMIZE IT.

## ARTICULATING CRANES

Dymax RailTrax Roadrail Trailers can be equipped with specialized articulating cranes matched to the requirements of the jobs being performed. Let us know your requirements and we'll create your preferred RailTrax.

BASE TRAILER- DX-TR-RTX-53S-DMX-50TC

## LEMCO MATERIAL HANDLERS

Equip your RailTrax Roadrail Trailer with a Lemco XLT170 Material Handler Crane. DymaxRail offers an assortment of specialized attachments including grapples, rail handler, ballast tamper, magnets and even a brushcutter solution to tackle any number of railway maintenance and construction jobs.

MATERIAL HANDLER - DX-TR-RTX-48S-DMX-50TC

## RAILTRAX ATTACHMENT SOLUTIONS

Modular innovation always lends itself to do more with less. Design a machine to shape-shift from one application to the next in a short amount of time. Whether you're lifting materials and supplies or need water support to fight fires, or even a leaf and trash vacuum to collect material from around third rails. Maximize your investment and do more jobs efficiently.

## RAILTRAX MODELS

MODEL	DESCRIPTION
<b>DROP CENTER FRAME MODELS</b>	
DX-TR-RTX-48D-DMX-50TC Work Deck WxL: 8ft6inx31ft-4in Low center deck 34.2 inches off rail Base Package	Transporter - RailTrax- 48 feet drop center - DymaxRail - 50 ton capacity <ul style="list-style-type: none"> <li>• 50T chassis drop center frame with tandem rear roadway gear.</li> <li>• Air suspension package with duallies and aluminum rims</li> <li>• 17,000lb capacity axles, total 34,000lb capacity</li> <li>• Hydrostatic power unit 140HP with powered tracks, single axle rail drive</li> </ul>
<b>STRAIGHT FRAME MODELS - TRI-AXLE SUPER SINGLES</b>	
DX-TR-RTX-48S-DMX-50TC Work Deck WxL: 8ft6inx31ft-4in Deck 46in off rail Base Package	Transporter - RailTrax- 48 feet straight deck - DymaxRail - 50 ton capacity <ul style="list-style-type: none"> <li>• 50T chassis straight frame with tri-axle roadway gear</li> <li>• Air suspension package with super singles and aluminum rims</li> <li>• 3x 17,000lb capacity axles</li> <li>• Hydrostatic power unit 140HP with powered tracks, single axle rail drive</li> </ul>
<b>STRAIGHT FRAME MODELS - TANDEM SPREAD AXLE 11FT6IN</b>	
DX-TR-RTX-53S-DMX-50TC Work Deck WxL: 8ft6inx36ft-4in Package	Transporter - RailTrax- 53 feet straight deck - DymaxRail - 50 ton capacity <ul style="list-style-type: none"> <li>• 50T chassis straight frame with tandem spread roadway gear</li> <li>• Air suspension package with duals and aluminum rims</li> <li>• 2 x 20,000lb capacity axles*</li> <li>• Hydrostatic power unit 140HP with powered tracks, single axle rail drive</li> </ul> *Available with axillary axle

Design and specifications are subject to change without notice. There are many upgrades and specialized attachment solutions available. Due to specific roadway requirements some packages require specific trailer models or design. If you are interested in learning more about the Dymax RailTrax and its modular customization that would include material handling cranes and other attachments please get in touch with your regional sales representative or contact sales direct at 1-800-530-5407 or sales@dymaxrail.com. We look forward to helping you create a machine that's more machine.
