

**BUILT TO LAST.**

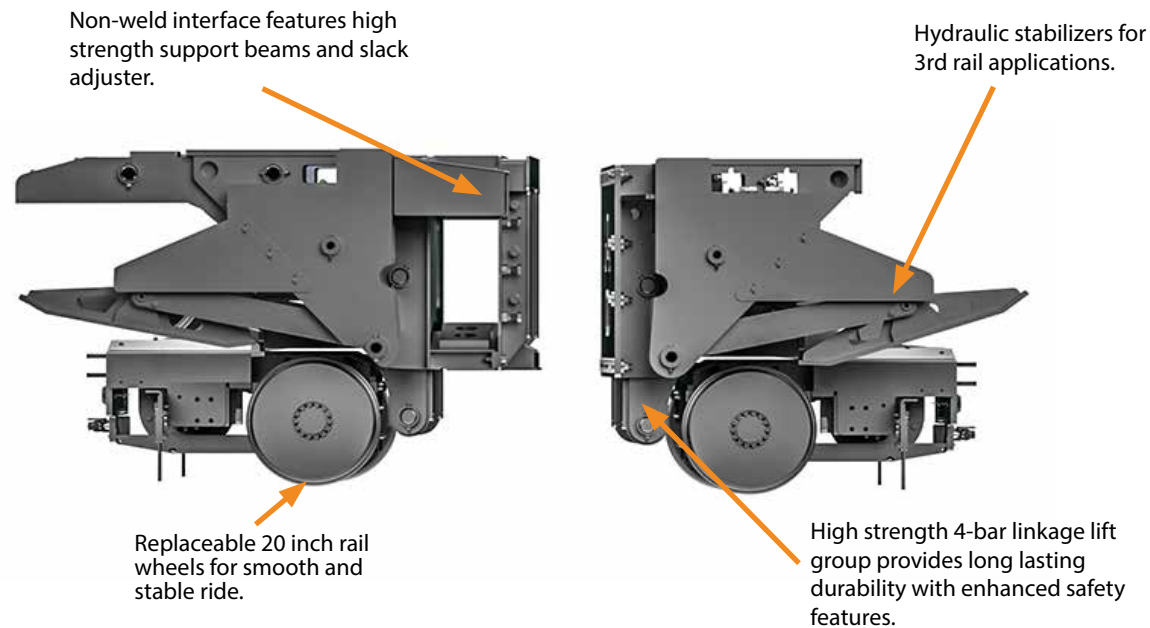

## **RAIL RIDER H-W1** HI-RAIL SOLUTION FOR WHEEL EXCAVATOR

### **FIRST OF ITS KIND**

Get on the rails fast with the Dymax Rail Rider H-W1. This hydrostatically driven hi-rail attachment quickly adapts to wheel-type hydraulic excavators. There's no cutting, welding or modifying of any kind, unless you want us to like the other guys do.

# KEY FEATURES

- **Elevated stability** – Heavy duty design lowers the excavator's center of gravity when working on rail.
- **Do more work over side** – Available with rail clamps and optional factory enhanced or 3rd rail stabilizer systems.
- **Enhanced safety features** – For better performance on rail, our safety control group includes slew and boom lockouts, automatic pin locks for road or railing positions and enhanced stabilizer solutions and braking systems.
- **Better control** – Our innovative hydraulic drive system provides full hydrostatic feel and control, so when operators need to slow down they can.
- **Better braking** – Equipped with fail-safe hydraulic disc brakes on both axles.
- **Self-contained directional lighting systems** – Red and white directional lights change automatically.
- **100% detachable** – The Dymax Rail Rider H-W1 attaches to your undercarriage as a hi-rail attachment, making it highly efficient.

# OPTIONS

- Broad gauge axle design for wide-gauge networks.
- DymaxRail enhanced stabilizer arms for factory mounts.
- 3rd rail stabilizer systems.
- Self-contained air brake circuit for hooking up to air brake trailers.
- Rail clamps.
- Specialized technology systems including slew, height and capacity indicators.

## CATERPILLAR M320 M322

MODEL	STABILIZER TYPE	DESCRIPTION	Weight (lbs) (attachment)
RRDH-W13S-CATM320-HX-20T	3rd Rail - 3S	Rail Rider Hydrostatic-W1 series mount with 3rd rail stabilizers-Caterpillar M320--Hydraulic Excavator-20 ton class	16,000
RRDH-W13S-CATM322-HX-22T	3rd Rail - 3S	Rail Rider Hydrostatic-W1 series mount with 3rd rail stabilizers-Caterpillar M322--Hydraulic Excavator-22 ton class	16,000
RRDH-W13SC-CATM320-HX-20T	3rd Rail - 3S + Clamp	Rail Rider Hydrostatic-W1 series mount with clamps and 3rd rail stabilizers-Caterpillar M320--Hydraulic Excavator-20 ton class	17,000
RRDH-W13SC-CATM322-HX-22T	3rd Rail - 3S + Clamp	Rail Rider Hydrostatic-W1 series mount with clamps and 3rd rail stabilizers-Caterpillar M322--Hydraulic Excavator-22 ton class	17,000
RRDH-W1SC-CATM320-HX-20T	OEM Stabilizer Modified + Clamp	Rail Rider Hydrostatic-W1 series mount with modified OEM stabilizer arm and rail clamps-Caterpillar M320--Hydraulic Excavator-20 ton class	17,500
RRDH-W1SC-CATM322-HX-22T	OEM Stabilizer Modified + Clamp	Rail Rider Hydrostatic-W1 series mount with modified OEM stabilizer arm and rail clamps-Caterpillar M322--Hydraulic Excavator-22 ton class	17,500
