

TRACK DOLLY CART - SWIVEL TOP

TRACK DOLLY CART WITH SWIVELING TOP DECK

MOVE SPECIALIZED MATERIALS ON RAIL

Engineered for precision and durability, the DymaxRail Track Dolly Cart with swiveling top deck offers great performance for railway materials transport. Its swiveling top table design ensures smooth navigation, even through tight curves, allowing the floating deck to adjust to track conditions.

Key Features and Benefits:

- **Swiveling Table:** Improves maneuverability, enabling precise alignment during transport.
- **Integrated Air Brake System:** Delivers reliable stopping power for enhanced safety.
- **Heavy Duty Frame:** Features reinforced components for long lasting performance under challenging conditions.
- **Heavy Duty Axles:** Designed to handle demanding loads, ensuring maximum reliability. Optional insulated solutions available upon request.
- **Special Track Gauges:** Available for all track gauges.
- **Optional Off-Track Wheel Solution:** Attaches to tubes mounted to framework, allowing customers to remove the dolly at crossings without the need for overhead lifting.
